Mr. Fitzgerald  
New Years, D.C. 2008

Atleast I'm not the only one in school now

Is that food in your hand?

I Think This is the day I fell off a Cliff...

Back first

On September 17, 2008, students at Wake Forest University School of Medicine opened the doors to the school's first student-run free health clinic. This clinic was established to provide free health care for

Winston Salem residents who do not qualify for Medicare or Medicaid. The idea for this clinic first started in 2006 and has generated much enthusiasm among students, physicians and the community.

SCHOOL *of* MEDICINE

From the early years of your education, your dream has always been to help others. Now your passion in life has been achieved through your dedication and hard work. You are realizing your dream. We, your family, are so very proud of you beyond what words can ever convey. Continue on life's path with love and understanding. (keep smiling)

With much love and affection,  
Dad, Mom, Joe, Judi, Jerry, Jalissa, Jamal and Grama

Wishing you God's Richest Blessings!!!!

I was in such a hurry to come into this world, that I didn't wait for my obstetrician to arrive. Therefore, I was delivered by my Dad!

Where is the gold fish? I was curious about everything, even at 10 months of age.

I thought I was Scottish at 4 years of age

By middle school, I thought I was a Mexican mariachi. By high school, I was given the nickname Dr. Mexican by my friends.

I loved playing soccer and played on high level teams through high school. I even thought of becoming a professional soccer player.

My senior prom. How handsome I am !

I enjoyed my college years at Vanderbilt University, where I made the decision to go into medicine.

I know that at Wake Forest Medical School I had to study hard and practice my skills at every opportunity. Therefore, I practiced my physical diagnosis skills on Zora, one of my parent's dogs.

At last, almost a doctor!

Jamil with his three brothers: from L to R: Michael, Adam, Jamil and Chris

Jamil with Ali, the love of his life.

Jamil with Mom and Dad and the other family dog, Sky

*His Mom and Dad are extremely proud of him. Not only has he excelled in his studies, but he has a caring personality that will make him a fantastic physician. We and his three brothers wish Jamil continuing success in his career and in his life.*

*All our love, your Mom and Dad*

Adam,

Words seem so inadequate to let you know  
how proud of you we are.

As extremely proud as we are of your  
accomplishments in becoming a doctor, we  
are even prouder of the man that you have  
become and your walk with the Lord. God  
has had his hand on your life from the  
beginning of this journey and we can't wait  
to see the amazing things he has in store for  
you.

Never Forget how much you are loved!  
Dad & Mom (Proverbs 3: 5&6)

We are all so proud of you.  
Always remember The Number 1  
Rule...  
Have Fun.  
Love,  
Mom, Dad and Mary Stuart

*As we celebrate the receiving of your M.D. degree, we rejoice for all that you are and will become. There is great pride in your accomplishment, and may there always be joy in your journey!*

*Our Love,*

*Mom and Dad*

**Sarah,**

**Congratulations on all your hard work and dedication finally paying off! We are so proud of you!**

**Love,**

**The Foley Family**

Congratulations, Dr. Brewington!  
Your hard work and dedication have paid off. Our love and prayers will go with you and Lisa as you begin the next exciting chapter in your lives.

Love,

Mom & Dad

*Y*our accomplishments so far  
will pale in comparison  
to what your future holds.

Be the change  
you wish to see in the world.

LOVE,

*Mom*

*Max,*

You skated so quickly on those winter days,  
my memories remain of you finding your way.

Childhood dreams of what the future might be;  
adolescent promises becoming advise of, "We'll see."

Away to discover what life truly holds,  
with friends and acquaintances and studies so bold.

Now a Doctor your vocation has as a fate,  
I guess that fall back position of hockey can wait.

Love,

*DAD*

Chris,

Words cannot adequately express the pride we feel with your graduation from Wake Forest School of Medicine. You have truly earned this lofty distinction! *Jenny,*

*Songwriters and poets could say more eloquently how proud and fortunate we've been to watch you grow from that little girl who was excited about reading alone to that woman who was so thrilled to get that champagne tap.*

*As your Mom and Dad, all we know how to express is how very, very proud we are of the daughter and sister you are and the person, wife and physician you've become. Your compassion, curiosity and confidence in addition to your laughter and love are all qualities that will enrich your career and your life.*

*Enjoy this day- you've earned it!

Dear HB,

Congratulations on finally graduating Medical School! It seemed like such a long journey when we started. Now it's here, we're together, we have Owen and I could not ask for more. I am so proud of you.

All my love always, HB

Dear Daddy,

Whenever Daddy signs his name, he always writes M.D., so everyone will know, that he belongs to me.

For M.D. means "My Daddy", or something just the same. And that is why he always puts these letters in his name.

Some letters in his name are small, but these are not, you see. He always makes them big like that because he's so proud of me.

I love you Daddy.

One of the great joys of parenthood is being able to watch the mystery play out. To go from "I wonder what he'll be when he grows up?" to "Wow, look at the man he's become!" Watching the boy become the man, the son become the father, the baby whose cord I cut so many years ago become the doctor bringing new babies into the world. We are so proud of you! And that beam of light you see today is your mom looking down unable to control her pride and her joy! Congratulations! We love you! Dad and Sue

## Congratulations Doctor Candace Wilson!

You have succeeded in attaining some very lofty achievements at the prestigious Bowman Gray School of Medicine and Wake Forest University—Medical Doctor and Masters of Business Administration. You have accomplished more than most at this stage in your life. Lets review the chart:

You have excelled academically at every level—from Kindergarten through 2nd grade at Central Elementary in Eden, N.C.; 3rd through 4th grade at Mallard Creek Elementary in Charlotte, NC; 5th and 6th grade at King Street Elementary in Danbury, Ct., 7th and 8th grade at Quail Hollow Middle School in Charlotte, NC; 9th through 12th grade where you smacked it out of the park with a top 25 finish at Harding University High School to

include earning the International Baccalaureate degree and, finally, where you struck, struck and struck again as a Summa Cum Laude Pre-Med major, Chemistry minor grad with the Rattlers at FAMU.

As a joint Medical School and MBA degree candidate, you indeed continued your rocketing trajectory to success by jumping into your studies, getting published on a Doctoral research project, twice being elected President of your Medical school student body, all the while carrying on an active social life.

Outside of the academic world, you have been avidly involved in life's activities to include:

- Taking on fashion modeling in high school

- An active member of the finest high school band in Charlotte, the Harding High Rams

- Playing softball, soccer, basketball and skiing all in middle school

- Being named to the Order of the Falcon at Quail Hollow

- Singing on the gospel choir in College

As a lover of all God's creatures, you took good care of Pouncy, introduced us to Mookie and tolerated Noodles and Simba; you also planned to perform your first surgical procedure to relieve Mookie's tumor but were thwarted by the bureaucratic rules of Wake Forest emergency room.

You've traveled to Japan, the Dominican Republic, up and down the east coast from Florida to Vermont, Toronto, Los Angeles and who knows where else—no grass growing under those feet.

With the strong bond of your siblings pulling at you, you gave up your pursuit to attend the School of Science and Math in your last 2 years of high school to bond with your sister and be a role model; you also indulged Cory's early Saturday morning TV habit by getting up with him even though you would have preferred to sleep in. I know both of them really appreciate your sacrifices for them.

Take the time to reflect on your accomplishments, review your life goals, determine if you are following the right path to accomplish those goals and, if not, make the necessary adjustments and, lastly, ask yourself if you're having fun. All the while you should ensure that you are listening to God's advice and follow what He asks you to do.

Candace, your mother and I along with Cory, Caryn, and Grandma Wilson and all of your relatives and friends love you very much and are simply ecstatic about your academic accomplishments as well as your other pursuits. We wish you much future success in all that you do while keeping grounded with family and friends. May God continue to bless and keep you. With all our love.

CONGRATULATIONS & LOTS of LOVE

## FAREWELL LETTER TO THE CLASS OF 2009

There are many milestones in life - parents see their children grow up and leave home, Pediatricians follow patients as they progress through childhood, and I, as your class mentor, have seen you wend yourselves through medical school.

Doesn't it seem like you were freshman just last month? But the fact is you have learned and grown much in the last four years - a combination of the efforts of your teachers and, more importantly, a reshaping of yourself into a physician.

This transformation, which happens to every class, induces awe and pride in me as I see you change from slightly (well, maybe more than slightly) nervous first day medical students into newly minted physicians.

You are entering a new stage of your life. Medical School has been an academic sanctuary for you - it has been a structured learning environment which gives not only a sense of purpose but also an enclosed learning sphere.

Now you get to enter your chosen residency where the learning is by actually doing medicine, a lot of it on your own. You may not win a Nobel Prize in medicine (if you do, dont forget to mention me in your acceptance speech) but to each of your patients you are the best doc in the world.

A colleague of mine, says that in a puzzling medical situation to remember: "Whatever you do, make sure it is reasonable, not stupid and not dangerous". Actually that is not bad advice for life in general.

As Garrison Keillor says, "Be well, do good work, and keep in touch".

Best wishes,

Dr. Nadkarni

# Colophon

The Gray Matter, Volume 65, was produced by the yearbook staff at the Wake Forest University School of Medicine and was printed by Jostens in Winston-Salem, North Carolina. The account was serviced by Ben Wade, Sales Representative, and John Fletcher, Plant Consultant. Sonja Vientos served as advisor.

The cover was designed by Sarah Britt Foley with the assistance of Marylee Helms of Jostens. It is custom embossed in matte black featuring a mission grain and gold foil application. The end sheets are made of 150 pound recycled paper with black ink.

All layouts of this yearbook were submitted online via the Jostens Yearbook Avenue Designer. The 248 pages of this book were printed on 80 pound high gloss paper on Heidelberg Speedmaster Six Color Press.

All photographs were digital or digitized. The portrait and various other photos were taken by Creative Communications and provided to us by Linda Arcure. Individual members of the Medical School Classes of 2009, 2010, 2011 and 2012, the Physician Assistant Program and the Graduate Studies Program provided candid photographs.
